Dr. Lee's Prescription are:

Dick Lee - saxes, clarinets, recorders, composition

Anne Evans - flutes

Mike Nisbet - guitars

Phil Adams - guitars

Jerry Forde - double bass

Dave Swanson - drums, percussion

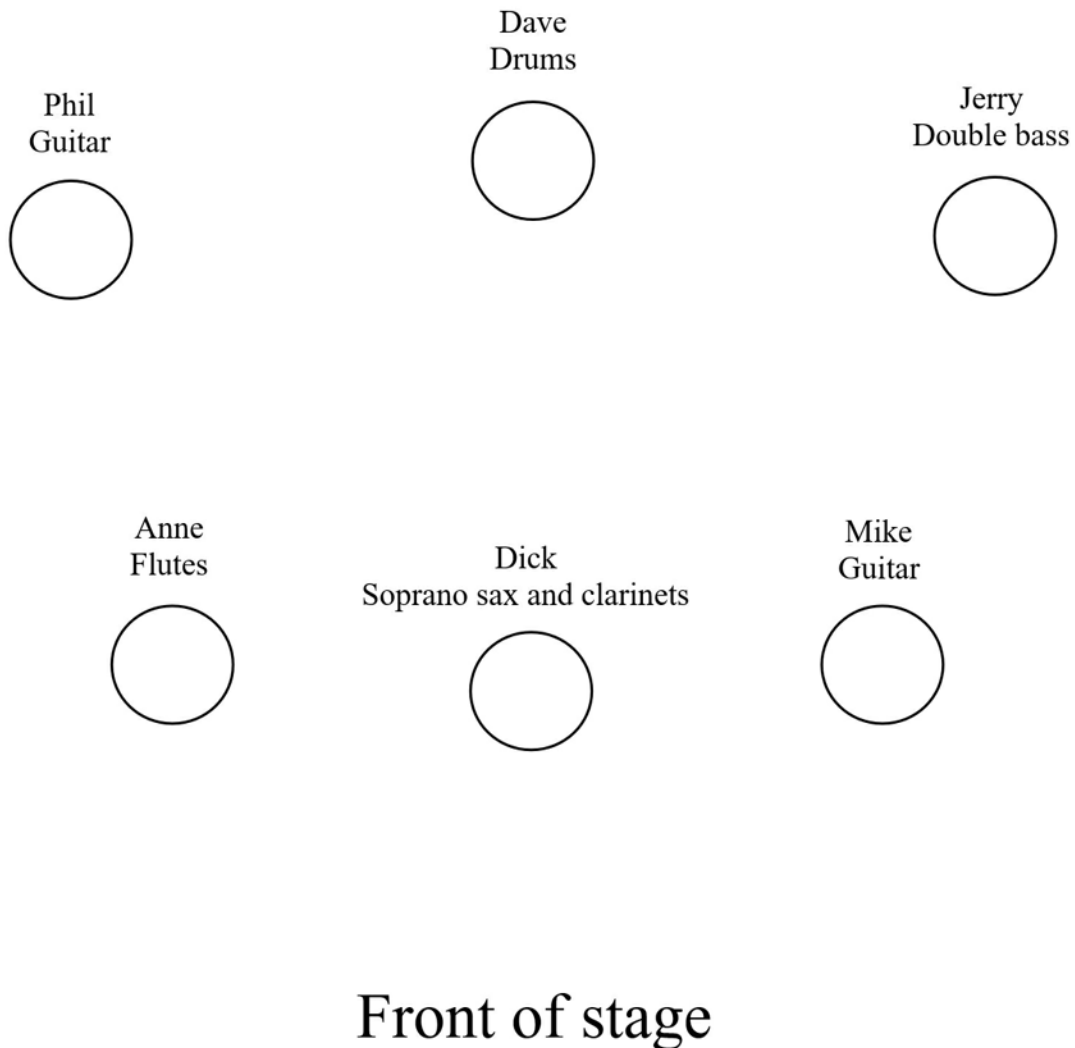

Brief Biog:

Dick Lee formulated Dr. Lee's Prescription in 2012 to play his own compositions and since then has dispensed his music far and wide, including several performances of the specially commissioned suite The Games at the 2014 Glasgow Commonwealth Games.

After a break of a few years in which all the band members have pursued their own projects the band is together again, with rumours of another specially commissioned piece to feature in next year's Edinburgh Jazz and Blues Festival and more performances of The Games at venues throughout the UK.
